

Introduction - Grade 11 U.S. History–Social Science

The following released test questions are taken from the Grade 11 U.S. History–Social Science Standards Test. This test is one of the California Standards Tests administered as part of the Standardized Testing and Reporting (STAR) Program under policies set by the State Board of Education.

All questions on the California Standards Tests are evaluated by committees of content experts, including teachers and administrators, to ensure their appropriateness for measuring the California academic content and skills standards in Grade 11 U.S. History–Social Science. In addition to content, all items are reviewed and approved to ensure their adherence to the principles of fairness and to ensure no bias exists with respect to characteristics such as gender, ethnicity, and language.

This document contains released test questions from the California Standards Test forms in 2003, 2004, 2005, 2006, and 2007. First on the pages that follow are lists of the standards assessed on the Grade 11 U.S. History–Social Science Test. Next are released test questions. Following the questions is a table that gives the correct answer for each question, the content and skills (where applicable) standard that each question is measuring, and the year each question last appeared on the test.

The following table lists each reporting cluster, the number of items that appear on the exam, and the number of released test questions that appear in this document.

REPORTING CLUSTER	NUMBER OF QUESTIONS ON EXAM	NUMBER OF RELEASED TEST QUESTIONS
1. Foundations of American Political and Social Thought	10	13
2. Industrialization and the U.S. Role as a World Power	13	16
3. United States Between the World Wars	12	15
4. World War II and Foreign Affairs	12	15
5. Post–World War II Domestic Issues	13	16
TOTAL	60	75

In selecting test questions for release, three criteria are used: (1) the questions adequately cover a selection of the academic content standards assessed on the Grade 11 U.S. History–Social Science Test; (2) the questions demonstrate a range of difficulty; and (3) the questions present a variety of ways standards can be assessed. These released test questions do not reflect all of the ways the standards may be assessed. Released test questions will not appear on future tests.

For more information about the California Standards Tests, visit the California Department of Education’s Web site at <http://www.cde.ca.gov/ta/tg/sr/resources.asp>.
